Resolved: In the coming year, I will,

- Make it to the following year, which means I will...
- ... be very careful regarding potential Covid exposure and...
- ...do more to promote my own general health
- Whine less and write more
- Speaking of which, get back to fiction writing
- Make my website a gathering place for people of good will
- Help people around me feel loved and respected and valued
- Get my workshop set up
- Build out the craft walls for Mary and Angela
- Be an ever better husband, father, friend
- Love more, judge less
